

HOPPE (UK) Ltd. is a specialist manufacturer and supplier of door and window hardware. Established in the UK in 1988, we have become the trusted partner of our customers through our focus on innovation, quality and performance.

As a member of HOPPE Group with its German origins, HOPPE (UK) benefits highly from more than 60 years of experience and knowledge in the field of architectural hardware. HOPPE Group is a company run by the owning family who have always based its leadership on high ethical standards based on values.

This attitude creates a correspondingly high quality of interaction with employees and customers alike making “HOPPE – Handle of excellence.” a brand-name that stands for innovation and customer-oriented added value. This way HOPPE door and window handles will offer the best possible benefit/price ratio to every market segment.

Complementary products to operate and secure the door such as closers, locks, hinges, access control, etc. are provided by “ARRONE – The complete range”, a brand of HOPPE Group. ARRONE offers a comprehensive range of products designed for use within the commercial and residential door market. The brand is recognised for offering affordable quality hardware products.

Our dedicated staff is highly skilled, GAI trained and provides award winning service. We invest heavily in stock of core items to satisfy our customers' needs. A purpose built, state-of-the-art distribution centre at Gailey Park, seven miles north of Wolverhampton, provides the ideal location for distribution throughout the UK and Ireland. At 50,000 square feet it offers light and modern facilities for both employees and customers with a fully equipped showroom/meeting room available.

HOPPE (UK) strives for continued excellence through our commitment to long-term trusting partnerships with employees, customers and suppliers and the regions in which the company is located, thus allowing for the best overall value proposition to our strategic market partners – we call that Total Beneficial Advantage.

ARRONE – The complete range.

The ARRONE brand provides a complete range of architectural ironmongery products and accessories. This wide array includes door-closing devices, panic and emergency exit devices, hinges, rim and mortice locks, door and pull handles, access control systems, signage, and various accessories.

With over three decades of experience in architectural hardware, ARRONE focusses on functionality and quality. Many ARRONE products meet relevant industry standards and are certified as required.

Affordable Stainless Steel Solutions from ARRONE

ARRONE offers a range of budget-friendly stainless-steel products and matching accessories, ideal for various building projects, especially those requiring large quantities of ironmongery.

The range includes lever handles, pull handles, finger plates, escutcheons, cylinder pulls, flushbolts, door stops, hooks, and signage. These solutions meet the specifications for a variety of projects, including commercial, industrial, educational, and healthcare environments.

This carefully curated collection of functional and durable products is available in grade 201 or 304 stainless steel, providing customers with a cost-effective solution without compromising on essential performance.
