

STATUS®

NEW FINISHES

We're introducing new finishes to our Status range!

Some of our most popular designs now come in stunning **Satin Brass**, **Antique Brass** and **Urban Dark Bronze** finishes. Plus we've added a **Matt Black** finish to designs that were missing the classic finish previously.

We've also extended these new finishes to our Euro & Key Escutcheons and WC Turn & Releases for a coordinated full door solution.

Effortlessly chic, our Status range showcases contemporary stylish designs. Offering exceptional value without compromising on quality, our Status collection is the perfect blend of style and affordability.
