

Mechanical & Smart Range

Partnered with...

 **CARLISLE BRASS**

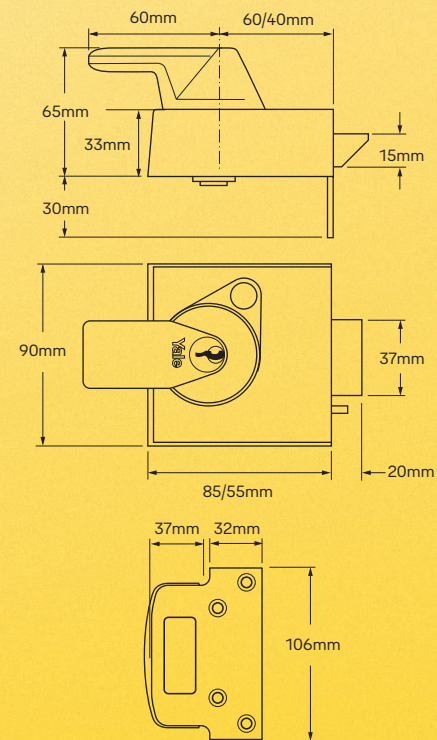

Introducing our collection of Yale products, now conveniently stocked in Carlisle for next-day delivery.

Yale is trusted by millions of people every day to keep what's important to them safe. Our innovations have protected their homes, families and belongings for over 180 years.

We have expanded from being a leader in mechanical lock engineering to innovating connected smart locks and homes. We always make every effort to push the boundaries in a changing world.

We are there for your grandparents (and probably theirs) and we'll be there for your children. Today, and every day to come.

British Standard Nightlatch

Anti-Drill

Anti-Saw

Anti-Bump

Anti-Pick

Yale British Standard Nightlatches offer the maximum level of protection against known attack methods, resisting: drill, pick, card and bump attack techniques. Its 20mm projection latch features an anti-saw bolt, increasing its strength and protecting the door from saw attack methods.

Insurance approved and secured by design (a recommended product by police), the Yale BS1 nightlatch is kitemarked to the insurance required BS3621:2007 and complies with BS EN 12209 and BS EN 1303:2005.

Specification

- Complies to BS EN 12209:2003 & BS EN 1303:2005
- Kitemarked to the insurance required BS3621/BS8621

Features

- 20mm anti-saw bolt for increased strength
- Supplied with high security TS007 1 Star 6 pin rim cylinder
- Anti-drill
- Anti-pick
- Anti-bump
- Anti-carding protection
- Internal lockable handle
- Automatic deadlocking
- Push button to hold back the latch

Cylinder Sizing - Platinum Cylinder Range

To ensure that you purchase the correct size cylinder for your lock, remove your old cylinder and measure each side of the cylinder as shown on the diagrams.

The Anti-Snap protection is on the external side(B) of the cylinder. The first size on the product code indicates the internal side(A).

E.g. Part Number P-YS3-4050B

Internal Length(A) = 40mm

External Length(B) = 50mm

*Terms and conditions apply.

SD-L2000-CH

Conexus[®] L2 Smart Lock

The Yale Conexus[®] L2 Smart Lock is a revolutionary lock, it allows you to control your door lock from your smartphone anywhere at anytime via the Yale Home App.

BSI Kitemark. The ultimate mark of security, the British Kitemark testing ensures both the mechanical and electronic security of smart products is of the highest standard.

Keyless Convenience. Say goodbye to keys and the risk of losing them.

App Control. The Yale Home App is key to get the complete experience from your smart lock. Unlock your door, amend device settings, view the Activity Feed, or manage entry for friends and family by scheduling access.

Activity Feed & Alerts. View the Activity Feed and set alerts to check when your door has been accessed and by who, giving you peace of mind that your family are home safe and sound.

Auto unlock. Use the geolocation feature to set your door to unlock automatically when you're close by. A helping hand, for when yours are full!

Open your door your way. Unlock your door via the App, Auto Unlock, or Keytag, or buy additional accessories such as the Yale Dot or a Smart Keypad. Find a method that suits you.

Doorsense[™]. For peace of mind, always be sure your door is closed by using Doorsense[™] and checking the status via the Yale Home App.

Enhanced encrypted security. The Conexus[®] L2 has undergone rigorous testing to ensure it can withstand physical attack tests and has encrypted bluetooth technology to protect against electronic manipulation.

Your security is our protection. Specifically designed with an internal tamper alarm and push and turn knob inside to protect against letterplate fishing and prevent small children opening the door.

Tamper alarm. Protected by an internal alarm.

Battery powered. No wires, no hassle. The lock let's you know when the batteries are low and with a battery back up feature, you can access even if the batteries are flat.

Smarter Together. Conexus[®] L2 works seamlessly with other Yale Smart Security Ecosystem products and leading voice assistants for a smarter, more connected home.

Easy Installation. Simple to install out of the box on doors where you need to lift the handle to lock them - all you need is a cross head screwdriver. Then follow the easy step-by-step instructions, via the Yale Home App.

Pack Contains:

- 1 x Conexus[®] L2 Smart Lock
- 2 x Key Tag
- 1 x Manual
- 1 x Yale Access Module
- 1 x Connect Wi-Fi Bridge
- 1 x Doorsense[™] Magnet and Cover

Ask your voice assistant to unlock your door*, or check if the door is locked, unlocked or open by asking 'is my front door locked?'.

*Remote locking is unavailable due to the 'lift-to-lock' nature of the Conexus[®] L2. We recommend the Conexus[®] L2 is installed on a secondary access door to the home.

The Yale Keyless Connected Smart Lock is ideal for timber doors and replaces the existing rim cylinder used on a 60mm backset nightlatch. For PVC and composite doors, please choose the Conexis® L2 Smart Lock.

YD-01-CON-NOMOD-BL

Keyless Connected Smart Lock

Special order, lead time up to 2 weeks

The Yale Keyless Connected Smart Lock gives you freedom to secure your home without the need for a key. Simple to use, you now have complete control on how you unlock your door.

Compatibility. Timber doors with a width of 38-58mm, operated by a 60mm backset Nightlatch.

PIN code access. Wake the display and enter your PIN code to gain access. Store up to 20 unique PIN codes.

Keyless Convenience. There's no need to worry if your children arrive home early, or if you're stuck at work with friends on your doorstep. You control who has access to your home and when. Set a PIN code for 24 hours for friends, guests, the cleaner or dog walker.

Tamper alarm. Protected by an internal alarm.

App Control. Lock, unlock and receive real-time notifications on your phone, via the Yale Home app. View the Activity Feed and set alerts to check when your door has been accessed and by who, giving you peace of mind that your family are home safe and sound.

Open your door, your way. Unlock your door with a PIN code (store up to 20 unique pin codes) Key Tag or Phone Tag* or when used with the Yale Connect Kit* via the app or using geolocation for Auto Unlock.

Security as Standard. Feeling safe and secure is a must for any homeowner. The Keyless Smart Lock has an 80dB tamper alarm and an auto unlock feature, which will initiate a 3 minute lockout after 5 incorrect PIN entries.

Battery back-up. Wake up your lock, even if the batteries are flat with the 9v battery connection port.

Make me smarter...

Upgrade your Keyless lock with the Yale Connect Kit (pg22) to connect to the Yale Home app and enable remote access.

App Control. Lock, unlock and receive real-time notifications on your phone, via the Yale Home app.

Guest Access Monitor and manage access for family, friends or guests by scheduling access for specific dates and times.

Activity Feed & Alerts View the Activity Feed and set Alerts to check when your door has been accessed and by who, giving you peace of mind that your family are home safe and sound.

Enhanced Encrypted Security Keyless is secured against advanced hacking attempts, using 128-bit AES encryption to ensure your data is protected.

Smarter Together Enable integrations with other Yale Smart Security Ecosystem products and leading voice assistants for a smarter, more connected home.

Pack Contains:

- 1 x Keyless Smart Lock
- 1 x Key Tag
- 1 x Key Card
- 1 x Manual
- 1 x Doorsense™ Magnet and Cover

*Sold separately.

Yale Smart Video Doorbell

Stocked for next day delivery

Interact with your visitors from anywhere. The Yale Smart Video Doorbell is easy to use and install and offers you a crisp 1080p Full HD image, live viewing, and night vision for clear footage that can be viewed in the Yale Home app.

Get a "call" on your phone when the doorbell rings, and detailed notifications whenever the built-in motion sensors are triggered, to never miss a delivery or guest again. Use the motion scheduling feature to exclude notification triggers from regular occurrences, like pulling into your driveway every night.

App Control. Control and monitor your doorstep using the Yale Home App.

Unlock your door. Via the Video Doorbell feed when used in conjunction with a Yale Smart Door Lock.

Human Detection. Detect humans to reduce false alerts with standard motion detection.

Specification

- Subscription free! Built in storage provides 2-4 days of footage, with no need to buy a separate SD card
- Full 1080p HD image around the clock with live view and night vision
- Full duplex 2-way talk to speak and listen to your visitors with the Yale Home app
- Take snapshots from live feed and download videos via the app at no extra cost
- Define areas you want the Video Doorbell to black out to prevent monitoring outside the perimeter of your home
- Set up specific areas that you want the doorbell to monitor
- Easy to set up for both hardware and software
- Quality footage even at night with colour night vision up to 6m and digital zoom x8
- Receive an app notification when a package is detected*
- Power source choices with rechargeable batteries or wired solution
- AC adapter on accessories pg 23
- Get an alert if someone tampers with your Smart Video Doorbell

Pack Contains:

- 1 x Smart video doorbell
- 1 x Mounting plate
- 1 x Mounting wedge
- 1 x Security pin
- 1 x 3m tape
- Screws and fixings
- 1 x Fuse (& wire caps)
- 1 x USB cable (power adaptor not included)
- 1 x Security sticker
- 1 x Quick start guide

Yale Smart Indoor Camera

Stocked for next day delivery

Ideal for pet owners, parents who want to keep an eye on their kids, or anyone who wants to keep watch inside their home while they are away with the Yale Home app. The Smart Indoor Camera provides crisp 1080p Full HD image, live view, motion-triggered recordings, night vision, rich notifications, a two-way audio talk feature and integration with leading voice assistants.

With customisable detection zone & scheduling* you can define specific areas you want your camera to cover, and use motion scheduling to exclude notification triggers from regular occurrences.

App Control. Control and monitor your house using the Yale Home App, from anywhere in the world.

Privacy Mode. Camera can turn off automatically when you come home and disarm your Yale Smart Alarm**.

Human Detection. Enable Human Detection to minimise unnecessary notifications

Specification

- Full 1080p HD image
- Quality footage even at night with colour night vision up to 6m and digital zoom x8
- 2 way audio talk feature and integration with leading voice assistants
- Snapshot feature allows you to capture a still image from live view or recordings
- See what's happening from anywhere in the world in the Yale Home app
- Record videos or capture images to review at any time locally or in the cloud
- 2-4 days of recordings stored locally, with no need for subscription (storage is dependant on streaming quality 1080p - 720p and clip length)
- Download video clips to your smartphone via the activity feed with an adjustable clip length from 10-60 seconds
- Subscription plan available for 30 days additional cloud storage
- Accessories on pg 22-23

Pack Contains:

- 1 x Smart indoor camera
- 1 x EU/UK Adapter
- 1 x USB-C charging cable
- 1 x Mounting plate
- Fixings & fittings
- 1 x Security sticker
- 1 x Quick start guide

*Motion Scheduling functionality will be available soon.

**Requires a Smart Alarm.

Yale Smart Outdoor Camera.

Stocked for next day delivery

The Smart Outdoor Camera will deter any potential burglars, offering you a crisp 1080p Full HD image, motion-triggered recordings, a two-way audio feature, enhanced colour night vision, a spotlight that can be triggered when motion is detected and a siren which can be activated manually or set to sound automatically as an additional deterrent.

You can also see what's happening at home from anywhere in the world with the Yale Home app, with the option to record videos or capture images to review and save at any time locally or in the cloud.

App Control. Control and monitor your house using the Yale Home App, from anywhere in the world.

Customisable Zones. Define specific zones where you want the camera to detect motion.

Scheduling* Options. Set up motion scheduling to avoid triggering by a regular occurrence.

Specification

- Full 1080p HD image around the clock with live view and color night vision
- Integrated siren is approx 90dB at 10cm distance and 70dB at 1m distance
- Set up specific detection zones that you want the camera to cover and set up motion scheduling* to avoid notifications triggered by regular occurrence
- Easy installation with a mounting solution that remembers its position after taking down the camera with one-handed operation to recharge the battery
- Receive an app notification with thumbnail when motion is detected
- Enable vehicle detection to get notifications whenever a vehicle approaches your home**
- Choose between power from the built-in rechargeable batteries or a wired power solution
- 2-4 days of integrated storage for recordings, with no need for subscription
- Accessories on pg 22-23

Pack Contains:

- 1 x Smart outdoor camera
- 1 x Mounting plate
- 1 x USB-C cable
- Fixings & fittings
- 1 x Security sticker
- 1 x Quick start guide

*Motion Scheduling functionality will be available soon.
